

What last year's Year 7 students say:

**Toby Hall**  
(Elliston)

They offer lots of great extra-circular clubs. History is my favourite subject. It's interesting to watch the builders and I'm excited to see what the new building will be like.

**Rosie Algar**  
(Humberston Cloverfields)

It is a really welcoming school to Year 7 and the teachers are really nice and help you get settled. I really enjoy Music and was in the choir for The Lion King.

**George Challis**  
(Old Clew)

I settled in quickly and well. DT and PE are my favourite subjects because it is really fun and we do a lot of different things. I like all the teachers.

**Dalcie-Ann Asquith**  
(St Peter's)

I'd recommend coming here and children should come here. The lessons are fun and the teachers amazing. My favourite subject is Geography.

**Fareedah**

I've only just moved to Beacon Academy, but everyone has been so welcoming and friendly. It's a great school and I know I've made the right choice in coming here.

# Year 6 Open Evening

Wednesday, 11th September, 5pm – 8pm

Headteacher's presentations at 5pm, 6pm and 7pm.

Thank you for considering Beacon Academy as a secondary destination in what will be a momentous year for the school.

Our Year 7 entry in 2025 will be the first to start in our new building.

It is exciting for students and staff to see the future taking shape on the school field before our eyes.

This school's consistently over-subscribed for a reason. We are proud of our caring, nurturing ethos where every child is known and encouraged to do their best.

We are supported by the award-winning Wellspring Academy Trust.

While exams are important, we are in the business of creating well-rounded individuals, offering them a wealth of opportunities outside the classroom. Our curriculum and extra circular activities continue to grow.

I look forward to explaining more at our Year 6 Open Evening on Wednesday, 11th September.

Jason Thurley Headteacher

An architect's image of the new build.

Students in The Lion King.

What last year's Year 7 students say:

**Gallagher Wood**  
(formerly Old Clee Primary)

I'm captain of the Year 7 football team. I love the responsibility and it helped me settle in. It is fun here and I really like PE.

**Pippa Nejrup**  
(Thrunscoe)

I played Simba in our big production of The Lion King. I auditioned to get the part and we rehearsed after school but it was worth it. Performing Arts was a big reason for me coming here.

**Spencer Smith**  
(Reynolds)

I like how small the school is. It's easy to get around and I made new friends quickly. I like creative subjects such as Art and IT the best. I'd definitely recommend coming here.

**Florence Collins**  
(Bursar)

It's really good here, in particular PE. I also really like Art. Children thinking of coming here should not worry about anything. There are all sorts of things to enjoy.

**Ava Gill**  
(St Joseph's)

My favourite subjects are Geography and PE. The teachers are really good. I settled in quickly and found a good group of friends. I love the extra-circular activities, including netball and football.
